EDUCATIONAL QUALIFICATIONS:

1989	Ph.D. in Personality and Social Psychology, University of Wisconsin-Madison
1986	M.S. in Personality and Social Psychology, University of Wisconsin-Madison
1982	B.S. (<i>summa cum laude</i>) in Experimental Psychology, University of California-Santa Barbara

PROFESSIONAL POSITIONS:

2016 -	Chair of Psychological Sciences, University of California, Merced
2011 -	Professor, University of California, Merced
2017-	Honorary Professor, The University of Auckland, Auckland, New Zealand
2016 -	Adjunct Professor, Jockey Club School of Public Health and Primary Care, The Chinese University of Hong Kong
2011-2012	Interim Vice-Provost for Undergraduate Education and Dean of College One, University of California, Merced
2010	Visiting Professor, University of North Carolina, Chapel Hill
2010	Member, Lineberger Comprehensive Cancer Center, University of North Carolina, Chapel Hill
2009-2017	Professor, The University of Auckland, Auckland, New Zealand
2006-2008	Associate Professor, The University of Auckland, Auckland, New Zealand
2005-2008	Associate Dean-Tamaki, Faculty of Science
2003-2005	Senior Lecturer Over the Bar (SL Level 6), The University of Auckland, Auckland, New Zealand
1999-2002	Senior Lecturer, The University of Auckland, Auckland, New Zealand
1997-1998	Lecturer (Level 7), The University of Auckland, Auckland, New Zealand
1992-1997	Assistant Professor, Department of Psychology, Saint Joseph's University, Philadelphia, PA
1995-1997	Research Scientist, Health and Coping Research Center, Fox Chase Cancer Center, Philadelphia, PA
1991-1992	Lecturer, Department of Psychology, Tuft's University, Medford, MA
1990	Assistant Scientist, Cancer Prevention Clinic, University of Wisconsin-

Madison Medical School
1989 Lecturer, Department of Psychology, University of Wisconsin-Madison
1988 - 1989 Research Consultant, Institute on Aging, Rutgers University

SIGNIFICANT DISTINCTIONS / AWARDS:

International Collaborations Award, International Society of Behavioral Medicine, 2016
Award for Distinction in Research, Academic Senate, University of California, Merced, 2016
NIH Merit Award, Group Award: "Cognitive, Affective, and Social Processes in Health Research (CASPHR) Working Group" for exceptional advances in integrating cognitive, affective, and social processes into cancer control research, 2014
Senate Award for Distinguished Scholarly Public Service, Academic Senate, University of California, Merced, 2014
Elected Fellow, Academy of Behavioral Medicine Research, 2009-present
Member, Cognitive, Affective, and Social Processes in Health Research Group; US National Cancer Institute (NIH), 2009-present
Elected Fellow, United States Society of Behavioral Medicine, 2007 – present
Member, Health Cognitions Group, sponsored by the National Cancer Institute, 2005 – 2010
Elected President, Australasian Society for Behavioural Health and Medicine, 2003 – 2005
Award for Best Conference Presentation, Annual Meeting of the Australasian Society for Behavioural Health and Medicine, 2009
Phi Beta Kappa, 1982 – present
Wisconsin Alumni Research Foundation Fellowship, University of Wisconsin-Madison, 1984–1985
University of California Regent's Scholar, 1978 – 1982

RESEARCH SPECIALTIES:

Health Psychology: Self-regulation theory; psychosocial aspects of cancer prevention, treatment, and control; health communications; risk perception; illness beliefs; symptom perception; interventions for coping with illness; emotion regulation

PROFESSIONAL MEMBERSHIPS AND SERVICE:

Member, Advisory Board, *Encyclopedia of Behavioral Medicine, Volume 2* (M. Gellman, Editor-In-Chief). Heidelberg: Springer-Verlag, 2015-present
Member, Scientific Program Committee for the 2008, 2010, 2012, 2014, and 2016 International Congresses of Behavioral Medicine, 2007– 2016
Chair of Scientific Tracks, Scientific Program Committee for the 2016 International Congress of Behavioral Medicine, 2014-2016
Chair of Scientific Tracks, Scientific Program Committee for the 2014 International Congress of Behavioral Medicine, 2012-2014
Chair of Scientific Tracks, Scientific Program Committee for the 2012 International Congress of

Behavioral Medicine, 2010-2012
 Member, Advisory Board, *Encyclopedia of Behavioral Medicine* (M. Gellman, Editor-In-Chief).
 Heidelberg: Springer-Verlag, 2009-2012
 Member, Association for Psychological Science, 2010-present
 Member, Society for Personality and Social Psychology, 2010-present
 Member, International Collaborative Studies Committee, International Society of Behavioral
 Medicine, 2008-present
 Member, Executive Committee, Australasian Society for Behavioural Health and Medicine,
 2002 – 2010
 Invited Member, National Support, Information, and Volunteer Services Advisory Committee,
 New Zealand Cancer Society, 2002 -2010
 Member, Governing Council, International Society of Behavioral Medicine, 2003 – 2008
 Member, Planning Committee, New Zealand Women in Leadership Inaugural Conference, 2008
 Selected Participant, New Zealand Women in Leadership Program, 2007
 Editor, Newsletter for the International Society of Behavioral Medicine, 2005 – 2007
 Co-Chair of the Scientific Program Committee, International Congress of Behavioral Medicine,
 2006-2008
 Track Chair, 2006 International Congress of Behavioral Medicine, 2005-2006
 Member, Organizing Committee, Meeting of the Australasian Society for Behavioural Health
 and Medicine, 2009
 Member, Organizing Committee, Meeting of the Australasian Society for Behavioural Health
 and Medicine, 2006
 Invited Member, Screening and Early Detection Expert Working Group for the Cancer Control
 Steering Group, New Zealand Cancer Control Trust, 2002-2003
 Invited Participant, Cancer Control Workshops, Wellington, 1999 and 2003
 Program Chair, 2003 Meeting of the Australasian Society for Behavioural Health and Medicine
 Member, Organizing Committee, 2000 Conference on Integrating Psychology and Medicine

Journal Editorial Roles:

Annals of Behavioral Medicine (Associate Editor), 2014-present
Health Psychology Review (Associate Editor), 2010-present
Journal of Behavioral Medicine (Associate Editor), 2008-2014
British Journal of Health Psychology (Associate Editor), 2006-2013
Health Psychology (Editorial Board), 2017-present
International Journal of Behavioral Medicine (Editorial Board), 2017-present
British Journal of Health Psychology (Editorial Board), 2013-present
Psychology and Health (Editorial Board), 2006-present

Editorial Consultant:

Health Psychology	Psychology and Health
Annals of Behavioral Medicine	British Journal of Health Psychology
Journal of Gerontology	Journal of Behavioral Medicine
Journal of Personality and Social Psychology	Cognition and Emotion
Personality and Social Psychology Bulletin	New Zealand Journal of Psychology
Journal of Health Psychology	Psychology, Health, and Medicine
Motivation and Emotion	Basic and Applied Social Psychology

Social Behavior and Personality	Journal of Adolescence
Journal of Psychosomatic Research	Health Psychology Review
Journal of Applied Social Psychology	Journal of Pediatric Psychology
Journal of Adolescent Health	International Journal of Behavioral
Journal of Consulting and Clinical Psychology	Medicine
Women and Health	Psycho-Oncology
Health Communications	Journal of Health Communication
Emotion	Social Science & Medicine
PLOS-One	Tobacco Control

Grant Reviewer:

Rutherford Discovery Fellowships Assessment Panel, Health Research Council of New Zealand; Israel Science Foundation; Genesis Oncology Trust of New Zealand, National Health and Medical Research Council of Australia; New Zealand EQC Research Fund; New Zealand Cancer Society; Chief Scientist Office of the Scottish Government Health Directorate; University of Health Psychology Consortium

UNIVERSITY SERVICE:**Service at University of California, Merced:**

Member, Public Health Advisory Group, 2012-present
 Member, Executive Board, Health Sciences Research Institute, 2012-2017
 Member, Executive Board, Blum Center, 2017-present
 Member, Translational Research Group and Community Health Advisory Group, Health Sciences Research Institute, 2014-present
 Member, Search Committee, Human Health Sciences Cluster Hire, 2016-2017
 Chair, Psychological Sciences Graduate Program, July 2013-June, 2015
 Head, Health Psychology Graduate Group, 2011-2014
 Head, Cancer Prevention, Treatment, and Control Research Cluster, Health Sciences Research Institute, 2012-present
 Member, University of California Faculty Welfare Committee, 2013-2014
 Member, University of California Committee on Academic Freedom, 2014-present
 Member, UC Merced Faculty Welfare, Diversity and Academic Freedom Committee, 2013-present
 Member, UC Merced Task Force for Medical Education, 2013-present
 Member, Institutional Review Board (Human Participants), 2011-2016
 Member, Executive Board, Center of Excellence in Health Disparities, 2011-2013
 Member, Committee on Committees, 2011-2014 (on hiatus Sep. 2011-Aug 2012)
 Member, Chancellor's Task Force on Community Engaged Scholarship, 2012-2013
 UC Merced Accreditation: Faculty Assessment Officer for Psychology, 2011-2013
 Chair, Search Committee, Junior Health Psychology Position, 2013-2014
 Member, Search Committee, Junior Public Health Position, 2013-2014
 Chair, Search Committee, Junior Health Psychology Position, 2012-2013
 Member, Search Committee, Junior Public Health Position, 2012-2013

Member, Search Committee, Senior Prevention Sciences Position, 2012-2013
Member, Graduate Training Committee, Center of Excellence in Health Disparities 2011-2012
Member (ex officio), Undergraduate Council, 2011-2012
Member (ex officio), Senate-Administration Council on Assessment and Planning, 2011-2012
Member (ex officio), Petition Committee, 2011-2012
Chair, Search Committee, Junior Health Psychology Position, 2011-2012
Chair, Search Committee, Senior Health Psychology Position, 2011-2012
Chair, Psychological Sciences Graduate Program, July-Dec 2012

Service at The University of Auckland:

Acting Head of Department, April-July 2009
Member, Discipline Committee, 2009-2010
Deputy Head of Department-Tamaki, Department of Psychology, 2006-2009
Director, PGDipSci and MSc in Health Psychology Programs, 2005 –2008
Chair, Board of Studies, Health Psychology Programs, 2005- 2008
External Examiner, University of Otago Psychology Honours Program, 2006 and 2007
Mentor, Women in Leadership Program, 2006-2007
Member, Tamaki Reference Group, 2007
Member, Resource and Planning Committee, Department of Psychology 2006-2008
Faculty of Science Representative, Inter-faculty Board for Social Science for Public Health, 2006-2007
Member, Faculty of Science Staffing Committee, 1999-2001, 2003 – 2004
Member, Graduate Studies Committee, Department of Psychology, 1999-2010
Member, Executive Committee, Centre for Health Services Research and Policy, 2003-2005
Member, Board of Studies, Health Psychology, 1998-2001; 2003-2005
Member, Departmental Research Committee, 2002-2010
Coordinator, Health Psychology Seminar Series, 2002 - 2004
Interim Deputy Head of Department, July – Dec 2003
Member, Tamaki Strategic Advisory Board, 2002
Member, Teaching and Learning Quality Committee, 2001
Member, The University of Auckland Human Participants Ethics Committee, 1998

Service at Saint Joseph's University:

Chair, Human Subjects Ethics Committee, Saint Joseph's University, 1994-1997
Member, Health Professions Advisory Committee, Saint Joseph's University, 1995-1997
Advisor, Moore Psychology Association, Saint Joseph's University, 1995-1997
Member, Commission on Diversity, Saint Joseph's University, 1995-1997
Member, Phi Beta Kappa Committee, Saint Joseph's University, 1995-1997

TEACHING EXPERIENCE:**University of California, Merced:**

2011-present PSY 131 Social Psychology
 2011-present PSY 190/PSY 125 Cognition, Affect, and Health
 2012-present PSY 220: Health Psychology (graduate course)

The University of Auckland:

1997-2009 PSYCH 364 Health Psychology (Coordinator since 1999): 40%-50% of lectures
 2008-2009 PSYCH 747 Psychological Assessment (Coordinator): 80% of lectures
 1998-2007 PSYCH 701 A & B Health Psychology Assessments, Interventions, and Applications (Coordinator): 100% of lectures
 1999-2006 PSYCH 108 Introduction to Psychology: Health Psychology Module
 1999-2005 PSYCH 306 Research Methods: Questionnaire Design module
 2005 SOCSCIPH 300 Social Science for Public Health: Psychology of Rationing
 2000 PSYCH 204 Social Psychology: Health and environmental psychology lectures
 1997-1998 PSYCH 306 Research Methods: 30% of lectures
 1999-2004 Supervised 2-4 students yearly for PSYCH 308: Research Topic (18 in total)

Saint Joseph's University:

1992- 1997 Coordinator and sole lecturer for 7 courses (6 courses per year): Health Psychology, Research Methods, Personality, Environmental Psychology, Advanced Statistical Methods (graduate course), Advanced Health Psychology (graduate course), Personality and Motivation (graduate course)
 Supervisor for 12 MSc (Experimental Psychology) students

University of Wisconsin-Madison/Tufts University:

1991- 1992 Coordinator and sole lecturer for: Drugs and Human Behavior, Advanced Social Psychology, Introduction to Social Psychology
 1989 Coordinator and sole lecturer for: Health Psychology

Supervisor for Doctoral Dissertations and Theses:

Alrutz, A. S. (2017). *What happens at work goes home: Investigating secondary traumatic stress and social support among the partners of New Zealand's police, fire, ambulance and defence personnel*. (The University of Auckland).
 Wally, C. (2016). *The effects of nature stimuli on mood, self-control, physiology, and health decision making*. (University of California, Merced).
 Farnsworth-Grodd, V. (2013). *Mindfulness and the self-regulation of music performance anxiety*. Now a lecturer in the School of Medicine, The University of Auckland, and clinical psychologist for Community Alcohol and Drugs, Auckland. (The University of Auckland).

- Rogers, L. (2013). *Women's concerns and experiences following treatment for breast cancer*. Now a clinical psychologist for Department of Corrections, Auckland. (The University of Auckland).
- Chelimo, C. (2012). *Psychosocial factors related to parental acceptance of human papillomavirus (HPV) vaccines for adolescent daughters*. Now a research fellow at School of Population Health, The University of Auckland. (The University of Auckland).
- Muller, C. (2012). *An investigation of the decision-making process for prenatal genetic testing*. Dean's List. Now a lecturer (equivalent to an assistant professor) at University of Surrey. (The University of Auckland).
- Hayns, A. (2012). *Mechanisms of mindfulness and the treatment of social anxiety: A randomized controlled trial of brief mindfulness training for socially anxious adults*. University of Auckland Doctoral Scholarship. Now a clinical psychologist with a community mental health team in Auckland. (The University of Auckland).
- Loft, M. H. (2011). *Sleep self-regulation: Understanding and improving the sleep initiation process in daytime employees*. University of Auckland Doctoral Scholarship. Now a lecturer (equivalent to an assistant professor) at School of Medicine and Medical Sciences, Monash University, Sunway Campus. (The University of Auckland).
- Huggard, P. (2009). *Compassion fatigue in medical staff*. Now a senior lecturer (equivalent to an associate professor) at the Department of General Practice and Primary Health Care, The University of Auckland. (The University of Auckland).
- Landhuis, E. (2009). *Emotional disclosure through writing: Effects of long-term practice*. Now a lecturer (equivalent to an assistant professor) at Auckland University of Technology. (The University of Auckland).
- Chan, C. K. Y. (2008). *Goal orientations and their influence on health-protective behaviours*. Bright Futures Top Achiever Doctoral Scholarship; Deans List. Now a senior lecturer (equivalent to an associate professor) at School of Medicine and Medical Sciences, Monash University, Sunway Campus. (The University of Auckland).
- Sisley, R. (2008). *Intrinsic and extrinsic motivation in the workplace: Effects on performance*. Now a senior lecturer (equivalent to an associate professor) at Auckland University of Technology. (The University of Auckland).
- Paddison, J. (2008). *Post-surgical fatigue: Assessment of fatigue and its associations with immune function*. Bright Futures Top Achiever Doctoral Scholarship; Fulbright Scholarship. Now a medical oncologist at Capital and Coast District Health Board, Wellington. (The University of Auckland).
- Wrapson, W. (2008). *Understanding recovery from back pain*. University of Auckland Doctoral Scholarship. Now a research associate at Crime Research Center, University of Western Australia. (The University of Auckland).
- Buckley, J. (2007). *Automaticity processes underlying adherence to physical activity*. Bright Futures Top Achiever Doctoral Scholarship. Now a senior tutor at The University of Auckland. (The University of Auckland).
- Schlatter, M. C. (2006). *Emotional control and breast cancer: Implications for coping, immunocompetence, and experience of chemotherapy side effects*. University of Auckland Doctoral Scholarship. Now a Health Psychologist for Human Relations Institute, Dubai, UAE, and Faculty Member, Harvard Medical School Dubai Center. (The University of Auckland).
- Van Korlaar, I. (2006). *Venous disease: Genetic testing and quality of life experiences*. Now

- Publishing Editor, Elsevier, Amsterdam. (Leiden University Medical Center)
- Lawler, S. P. (2005). *Therapeutic effects of massage on coping with stress and migraine: A self-regulatory perspective*. Now a senior lecturer (equivalent to an associate professor) at Cancer Prevention Research Centre, School of Population Health, The University of Queensland. (The University of Auckland).
- McCool, J. (2002). *Adolescents' interpretations of smoking imagery in film: Implications for future smoking*. New Zealand Heart Foundation Doctoral Scholarship; Dean's List. Now a senior lecturer (equivalent to an associate professor) in International Health, School of Population Health, The University of Auckland (The University of Auckland).

Supervisor for Masters Theses:

- Buchholz, E. (2016). *Mindfulness mediates the relationship between anxious attachment and coping motives for alcohol consumption*. (University of California, Merced).
- Taylor, T. (2010). *The role of executive function in translating health behavior intentions into actions*. (The University of Auckland).
- Bavin, L. M. (2010). *A comparison of exercise programs involving different session frequencies and durations*. (The University of Auckland).
- Morunga, E. (2010). *Maori heart failure and a computer-based heart imagery program*. (The University of Auckland).
- Webb, L. (2010). *Examining adolescents' responses to graphic warning labels and plain cigarette packaging: A tool for smoking prevention*. (The University of Auckland).
- Kohlmann, S. (2008). *Evaluation of an imagery-based and theory-driven cardiovascular disease prevention program*. (Philipps University Marburg).
- Museth, O. (2007). *Executive function and dietary adherence in bariatric surgery patients*. (The University of Auckland).
- Smith, M. (2007). *Communicating genetic risk information for lung cancer to cigarette smokers: Influences on intentions to stop smoking*. (The University of Auckland).
- Jago, L. (2007). *Illness risk representations, message framing, and self-examination for skin cancer*. (The University of Auckland).
- Lindsay, M. (2006). *Mindfulness integrated cognitive behaviour therapy: A pilot programme for developing mindfulness-based self-efficacy and self-compassion for people with type 2 diabetes*. (The University of Auckland).
- Dobson, R. (2006). *Childhood cancer: An investigation into the experience for siblings*. (The University of Auckland).
- Pederson, I. (2006). *Exploring the effects of self-regulation on weight loss, eating behaviour, and physical activity in bariatric surgery patients*. (The University of Auckland).
- Lee, T. (2006). *Preventive health messages for cardiovascular disease: The role of abstract text and concrete animation*. (The University of Auckland).
- Frampton, F. (2005). *Adherence to prevention medications in people diagnosed with asthma*.
- Graham, S. (2005). *Colon cancer information as a source of exercise motivation*. (The University of Auckland).
- Johnstone, M. (2005). *The role of disease worry and risk perceptions on motivation to quit smoking*. (The University of Auckland).
- Zhu, A. (2005). *A randomized trial of auricular acupuncture treatment for smoking cessation*. (The University of Auckland).

- Finn, M. (2005). *Control beliefs and hope as predictors of adjustment in stroke survivors*. (The University of Auckland).
- Chin, S. (2004). *Developing a fear-avoidance model for predicting physical activity in older adults*. (The University of Auckland).
- Lee, R. (2004). *The effects of combined message strategies on attitudes and behaviour towards sun exposure and sun protection in adolescents and young adults*. (The University of Auckland).
- Young, M. (2003). *Self-concept and adjustment in adolescents with type I diabetes*. (The University of Auckland).
- Crump, A. (2002). *An anger expression intervention for women with breast cancer*. (The University of Auckland).
- Readings, A. (2001). *Attitudes about genetic testing for breast cancer susceptibility: Do family history and mammography adherence make a difference?* (The University of Auckland).
- Ying, J. (2001). *Framing effects on responses to messages encouraging skin cancer screening strategies*. (The University of Auckland).
- Ong, J. (2001). *Skin cancer knowledge and the use of prevention and screening practices*. (The University of Auckland).
- Buckley, J. (2000). *Increasing adherence to physical activity in overweight and obese women: a self-efficacy intervention*. (The University of Auckland).
- Lawler, S. P. (2000). *Expression of stressful experiences through a self-regulation writing task: Moderating effects of depression*. (The University of Auckland).
- Kolone, V. (1998). *Self-regulation therapy: A stress management technique for coping*. (Saint Joseph's University).
- Gray, T.S.(1998). *Impact of relaxation therapy and guided imagery on coping mechanisms and quality of life of cancer patients*. (Saint Joseph's University).
- Brigidi, B. D. (1998). *Attentional bias in repressors: Use of a modified visual dot-probe program*. (Saint Joseph's University).
- Richardson, E. (1997). *Migraine headaches and their impact on quality of life*. (Saint Joseph's University).
- Wambach, K.E. (1997). *The role of perceptions of vulnerability, self-efficacy, and optimism in intentions to adopt AIDS preventative behaviors*. (Saint Joseph's University).
- Seddon, K. R. (1997). *Optimism and coping with pain*. (Saint Joseph's University).
- O'Donnell, M. (1996). *Acute aerobic exercise effects upon self-efficacy, affect, and physiological reactivity to psychosocial stress*. (Saint Joseph's University).
- Leoni, J.(1996). *Dispositional optimism, risk perceptions, and responses to AIDS threat messages*. (Saint Joseph's University).
- Manning, M. A. (1995). *Firstborns, lastborns, aptitude, and achievement*. (Saint Joseph's University).
- Simons, L. (1995). *An evaluation of a model of psychosocial factors that mediate the relationship between sexual abuse and alcohol use*. (Saint Joseph's University).
- Curran, K.E. (1994). *The psychological and physiological benefits derived from participation as a volunteer in a community service activity*. (Saint Joseph's University).
- Haffly, D.L. (1994). *The psychosocial effects of social support on quality of life for women with breast cancer*. (Saint Joseph's University).

Supervisor for Honors Theses:

- Lee, M. (2011). *Are obesity stigma and poor body image associated with psychological threat and avoidance of cervical cancer screening?* (UNC)
- Farrant, D. (2009). *Language use: expressions of mindfulness and social anxiety.* (The University of Auckland).
- O’Callaghan, J. (2009). *The influence of state anxiety and modality on memory and responses to health messages: A preliminary study.* (The University of Auckland).
- Shaw, V. (1998). *Attitudes about cervical screening among young women.* (The University of Auckland).

Postdoctoral Scholars:

- McDade-Montez, E. (2011-2013). UC Merced Chancellor’s Postdoctoral Fellowship (Co-Advisor).
- Muller, C. (2011). Assistant Specialist, UC Merced (Advisor).

RESEARCH GRANTS / FUNDING:

- Cognitive and emotional processes of metaphoric cancer communications.* National Cancer Institute, R01, 2014-2018; Co-Principal Investigator; \$1,370,316.
- A randomized controlled trial evaluating the efficacy of a psychological intervention based on the commonsense model in improving mental health and self-care among type 2 diabetes mellitus patients.* Hong Kong Health and Medical Research Fund; 2015-2017; Co-Principal Investigator; HK\$ 999,034.
- Adapting and implementing a text-based smoking cessation program in Samoa and American Samoa.* Health Research Council of New Zealand International Relationships Fund: US-NZ Collaborations; 2013-2016; Named Investigator; \$400,000.
- mHealth projects for promoting diet and physical activity: The HealthyYouTXT programs.* National Cancer Institute, 2015-2016; Principal Investigator; \$24,120.
- Adapting and implementing a text-based smoking cessation program for Chamorro and other Micronesian smokers in Guam.* National Cancer Institute Education and Capacity-Building Grant; Principal Investigator; 2013-2014; \$45,000.
- An mHealth smoking cessation program for Hispanic smokers in rural communities.* AT&T Telehealth Grant; Principal Investigator; 2013-2015; \$19,548.
- The development and pilot-testing of an online intervention aimed to reduce emotion suppression in women with breast cancer.* AT&T Telehealth Grant; Co-Principal Investigator; 2013-2015; \$15,000.
- Impact of ad exposure frequency on perception and mental processing of risk and benefit information in DTC prescription drug ads.* U.S. Food and Drug Administration; Consultant; 2013-2016 [budget disclosure not permitted].
- Genomic medicine pilot for hypertension and kidney disease in primary care.* National Human Genome Research Institute; Consultant; 2013-2017; \$651,537.
- Attitudes and opinions of cigarette warning labels.* Advancing Excellence External Mentor Program, Washington State University; 2012-2013; External mentor of Assistant Professor

- Renee Magnan; \$2,870.
- Emotional suppression intervention for women with breast cancer.* Health Sciences Research Institute- Health Disparities Seed Grant; 2012-2014; Co-Principal Investigator; \$4,000.
- Evaluation of the ACE Overcomers Program.* Resource Center for Community Engaged Scholarship Seed Grant; 2012-2014; Principal Investigator; \$3,810.
- An animal-assisted activity intervention for children in foster care.* Resource Center for Community Engaged Scholarship Seed Grant; 2012-2014; Principal Investigator; \$3,400.
- Animal-assisted activity for youth in foster care: A randomized pilot and feasibility study.* Merced County Human Services Agency Research Contract; 2012-2014; Principal Investigator; \$5,000.
- Development of interventions to increase physical activity among inactive young people with long-term conditions: MRC complex intervention framework phase I study using asthma as an exemplar.* Chief Scientist Office, Scotland, 2011-2014; Named Investigator; £224,118/\$347,500.
- A randomized controlled trial to investigate the relative efficacy of three internet-based interventions for condom use promotion targeting men who have sex with men in Hong Kong.* Research Fund for the Control of Infectious Diseases, Health and Health Services Research Fund; 2011-2013; Co-Principal Investigator; \$995,000.
- Assessment of an online self-management program to improve adherence in heart failure patients.* New Zealand Heart Foundation; 2010-2012; Principal Investigator; \$12,000.
- Evaluation of an online decision aid for women with breast cancer.* Australian National Health and Medical Research Council; 2009-2014; Associate Investigator; \$281,100.
- Use of public versus private health care services.* Health Research Council of New Zealand, 2005-2008; Co-Principal Investigator; \$450,000.
- New Zealand Life After Cancer Survey.* Research Grant, Genesis Oncology Trust, 2006-2007; Co-Principal Investigator; \$66,000.
- Massage therapy as a nonpharmacological treatment for migraines.* American Massage Therapy Foundation; 2003-2004; Co-Principal Investigator; \$35,000.
- Travel grant.* Maurice and Phyllis Paykel Trust; 2004; Sole Recipient; \$2,500.
- Smoking withdrawal process: The moderating effects of exercise and nicotine replacement therapy.* New Zealand National Heart Foundation; 2001-2003; Co-Principal Investigator; \$95,000.
- Assessment of psychological support services for women with breast cancer.* Breast Cancer Research Trust; 1999-2004; Principal Investigator; \$160,000.
- Genetic and health communications research network.* University of Auckland International Strategic Opportunities and Research Collaborations Fund; 2004; Principal Investigator; \$1,600.
- Assessment of computer-based cardiac education interventions using an animated, 3-D heart model.* Faculty Research Grant, The University of Auckland; 2006-2008; Principal Investigator; \$12,000.
- Psychological influences on patients' and caregivers' adjustment to the experience of stroke.* Faculty Research Grant, The University of Auckland; 2003-2005; Principal Investigator; \$8,400.
- Psychological and parental influences on adjustment and adherence in youth with Type 1 diabetes mellitus.* Faculty Research Grant, The University of Auckland; 2002-2004; Principal Investigator; \$10,000.

- Review of interventions promoting waste minimization.* Environment Waikato Regional Council; 2002; Principal Investigator; \$15,000.
- Trait anxiety and the automatic accessibility of anxiety-related thoughts in the processing of health-related information.* Faculty Research Grant, The University of Auckland; 2001-2003; Principal Investigator; \$5,800.
- Doctors' attitudes about genetic testing for breast cancer susceptibility.* Faculty Research Grant, The University of Auckland; 1999-2001; Principal Investigator; \$8,900.
- A structured psychosocial intervention for women with breast cancer.* Faculty Research Grant, The University of Auckland; 1999-2001; Principal Investigator; \$7,000.
- Therapeutic writing for adults with and without chronic headache.* Faculty Research Grant, The University of Auckland; 1998 – 1999; Principal Investigator; \$9,000.
- An early rehabilitation intervention to modify illness beliefs following myocardial infarction.* New Zealand National Heart Foundation; 1997 –1999; Co-Principal Investigator; \$70,000.
